

## DEDHAM PRIMARY SCHOOL MODULAR CLASSROOM DELIVERY

Dear Resident

Elite Systems have been appointed by Essex County Council to provide a new permanent Modular Classroom at Dedham Primary School. It is our intention to start the initial works on Monday 5<sup>th</sup> July and we anticipate that all works will be completed by the end of August.

The planned schedule for the delivery of the five Modular Units is Tuesday 20<sup>th</sup> July 2021. A crane will arrive between 07:30-08:00am with the first Modular Unit arriving between 09:30-09:45am and will be followed by four lorries at 45–60-minute intervals. The programme of works is dependent on weather conditions on the day. Vehicle and pedestrian access to all properties will be maintained at all times. Due to the restricted access at the front of the school we would appreciate you avoid parking on the road for the duration of the installation on the 20<sup>th</sup> July as the Modular Units are wide loads and are being delivered on articulated lorries.

If, due to circumstances beyond our control, the delivery is aborted we will inform you as soon as possible of the revised date for installation.

Elite Systems GB thank you for your assistance on this matter and apologize for any inconvenience caused. Elite Systems are registered with the Considerate Builders Scheme.

Please do not hesitate to contact Mr. Tim Suffield on 07539 601751 if you have any concerns or wish to discuss further. In addition, a contact board will be installed on the site entrance.
